WEAKNESS

Perfectionist

I tend to spend too much time trying to make everything perfect, but I'm learning to balance quality with efficiency.

Easily focused on one task

I often get deeply focused on a single task, but I'm improving my multitasking skills to handle multiple responsibilities more effectively.

STRENGTH

Responsible and reliable

I always strive to finish my tasks on time and deliver the best results possible.

Communicative and open to feedback

I can easily connect with others and take feedback positively to improve my work.

Creative and detail oriented

I enjoy exploring new ideas while paying close attention to details to ensure quality and consistency.
